of a session of the cabinet at 11 o'clock. Representatives Kilgore and Bailey of Texas were among the early callers. They came to present the name of C. B. Stewart of Gainesville, Texas, for appointment as judge of the Mus kogee (Indian Territory) court.

"Will you request a federal appointment?"

Mr. Kilgore was asked.

Mr. Blount was summoned to Washington by telegraph and arrived this morning. In a little while Mr. Blount was sent for and proceeded to the cabinet room, where he remained

for some time.

It is said that Mr. Blount will be the head of a commission which is to be sent immediately to Hawaii and that his presence in Washington is for the purpose of receiving instructions.

It is rumored that when Mr. Blount returns from this mission he will receive a foreign appointment.

The President and Private Secretary Thurber have formulated the usual set of rules for the government of the official portion of the White House. Their text is as follows: EXECUTIVE MANSION BULES. The cabinet will meet Tuesdays and Fridays at 11 o'clock a.m. Mondays will be reserved by the President for the transaction of public business requiring his uninterrupted attention.

He wants the party, it is said, to break through the sectional lines and to be strongly represented from every section of the country, but under this, southern Senators think they see a desire on the part of Mr. Cleveland to give the friends of his policy places that will give them strong influence. The court decided that the District could not maintain a charge such as was brought against the defendant because the law was repealed. In discussing the matter Judge Miller said that where the offense charged was alleged to have been committed before the repeal of the law the information was proper and the defendant was properly proceeded against, but when there is a repeal without a saving clause the prosecution must necessarily fall. The judge said he had examined Maryland authorities and found that they were all one way.
